HIV Prevention and Treatment

Illinois HIV Care Connect

Enrolling in Illinois HIV Care Connect will enable you to receive the care and support you need while living with HIV. Improvements in treatment and access to care have enabled many people with HIV to live full, busy lives in good health. However, you still must receive lifelong treatment for HIV; otherwise, the condition may lead to serious complications, AIDS, or other illnesses. By consistently following your treatment regimen, you also will reduce the chances of passing the infection onto someone else.
